# INDEX TO VOLUME 7: 1985

## AUTHOR

**Cecula Jr, A** Security strategy for small computers 30
**Cilliers, I** Impact of the information society on the information profession 87
**Cilliers, I** Problems in information science 150
**Cohen, F** Algorithmic authentication of identification 35
**Curnow, H J** Artificial intelligence — a survey 10
**Dilloway, C** Resolving computer disputes by arbitration 163
**Dippoldsmann, P** Census and judgement of the Constitutional Court in the FRG: some principles and consequences 203
**El-Kateeb, A M A** Approach to data encryption based on a finite power function 229
**Farquhar, B** Access control for computer systems 25
**Goldstein, R** Whatever happened to 1984? 107
**Greguras, F and Daunt, J** Licensing software overseas 139
**Greguras, F and Foster-Simons, F** Software protection in the People's Republic of China 220
**Greguras, F and Langenberg, P** Trends in proprietary protection in Asia and the Pacific region 1
**Greguras, F and Williams, N** Planning for the operational impact of the Semiconductor Chip Protection Act 156
**Greguras, F. Williams, N and Siegel, D** 1984 US Semiconductor Chip Protection Act 59
**Killingback, H** Some recollections of information technology 169
**Kraemer, K L et al.** Cable and local government: a survey and assessment of cable use in Orange County, California 76
**Mackintosh, I P and Norris, D E** Expanding role of information technology in UK hospitals 133
**Nugent, P M** User objectives in the development of international telecommunications policy 200
**Owen, K** Computers in industry 71
**Pounder, C** Police computers and the Metropolitan Police Part I: The Police National Computer 123
**Pounder, C** Police computers and the Metropolitan Police Part II: command and control and criminal information systems 189
**Rothwell, R** Project Sappho: a comparative study of success and failure in industrial innovation 215
**Rushinek, S and Rushinek, A** Effect of system ratings on user satisfaction 98
**Schlundt, V** Transborder data flow and its importance in the international arena 67
**Sheridan, T** Understanding human error and aiding human diagnostic behaviour in nuclear power plants 42
**Smith, S T and Lim, J J** Risk analysis in computer systems — an automated procedure 15
**Stevens, B, Brown, J and Brooks, J** Planning and operational model for the information resource 19
**Vickers, P** Overcoming information anarchy 147
**Williamson, D** Management for an information centre 166

## TITLE

Access control for computer systems **Farquhar, B** 25
Algorithmic authentication of identification **Cohen, F** 35
Approach to data encryption based on a finite power function **El-Kateeb, A M A** 229
Artificial intelligence — a survey **Curnow, H J** 10
Cable and local government: a survey and assessment of cable use in Orange County, California **Kraemer, K L et al.** 76
Census and judgement of the Constitutional Court in the FRG: some principles and consequences **Dippoldsmann, P** 203
Computers in industry **Owen, K** 71
Effect of system ratings on user satisfaction **Rushinek, S and Rushinek, A** 98
Expanding role of information technology in UK hospitals **Mackintosh, I P and Norris, D E** 133
Impact of the information society on the information profession **Cilliers, I** 87
Licensing software overseas **Greguras, F and Daunt, J** 139
Management strategy for an information centre **Williamson, D** 166
1984 US Semiconductor Chip Protection Act, **Greguras, F, Williams, N and Siegel, D** 59
Overcoming information anarchy **Vickers, P** 147
Planning and operational model for the information resource **Stevens, B, Brown, J and Brooks, J** 19
Planning for the operational impact of the Semiconductor Chip Protection Act **Greguras, F and Williams, N** 156
Police computers and the Metropolitan Police Part I: The Police National Computer **Pounder, C** 123
Police computers and the Metropolitan Police Part II: command and control and criminal information systems **Pounder, C** 189
Problems in information science **Cilliers, I** 150
Project Sappho: a comparative study of success and failure in industrial innovation **Rothwell, R** 215
Resolving computer disputes by arbitration **Dilloway, C** 163
Risk analysis in computer systems — an automated procedure **Smith, S T and Lim, J J** 15
Security strategy for small computers **Cecula Jr, A** 30
Software protection in the People's Republic of China **Greguras, F and Foster-Simons, F** 220
Some recollections of information technology **Killingback, H** 169
Transborder data flow and its importance in the international arena **Schlundt, V** 67
Trends in proprietary protection in Asia and the Pacific region **Greguras, F and Langenberg, P** 1
Understanding human error and aiding human diagnostic behaviour in nuclear power plants **Sheridan, T** 42
User objectives in the development of international telecommunications policy **Nugent, P M** 200
Whatever happened to 1984? **Goldstein, R** 107

# SUBJECT

## Artificial intelligence

Artificial intelligence — a survey **Curnow, H J** 10
Effect of system ratings on user satisfaction **Rushinek, S and Rushinek, A** 98

## Book reviews

Changing market structures in telecommunications **Ergas H and Okayama, J** 49
Computer security technology **Cooper, J A** 114
Privacy and data protection — an international bibliography **Flaherty, D H (Ed)** 113
Text retrieval — a directory of software **Hamilton, C D, Kimberley, R and Smith, H (Eds)** 113
The Data Protection Act: a practical guide **Sizer, R and Newman P** 114
Transnational data flows in the information age **Hamelink, C J** 113

## Business

Computers in industry **Owen, K** 71

## Calendar 56, 120, 184, 247, 248

## Case study

Project Sappho: a comparative study of success and failure in industrial innovation **Rothwell, R** 215

## Communications

Advanced data communications research 54
Cable and local government: a survey and assessment of cable use in Orange County, California **Kraemer, K L et al.** 76
European satellite data centre 53
Mercury licence granted 55

## EFT

First step to national EFT-POS system 235

## Information science

Impact of the information society on the information profession **Cilliers, I** 87
Management strategy for an information centre **Williamson, D** 166
Overcoming information anarchy **Vickers, P** 147
Planning and operational model for the information resource **Stevens, B, Brown, J and Brooks, J** 19
Problems in information science **Cilliers, I** 150

## Information systems

Online information retrieval service 55

## Information technology

Alvey project to look into distributed office systems 55
Some recollections of information technology **Killingback, H** 169
Speech recognition project 54
Expanding role of information technology in UK hospitals **Mackintosh, I P and Norris, D E** 133

## Legislation

Data registration consultancy service 54
Software protection in the People's Republic of China **Greguras, F and Foster-Simons, F** 220
Planning for the operational impact of the Semiconductor Chip Protection Act **Greguras, F and Williams, N** 156
1984 US Semiconductor Chip Protection Act **Greguras, F, Williams, N and Siegel, D** 59
US software protection service 55
VisiCalc lawsuits settled 53

## Market forecasts

Advertising agency automation 182
Compression of data, voice, image and video 117
Computer-aided design market 178
Computer-based electronic mail 179
Computer room environment 240
Corporate personal computers market in Europe 182
Corporate videotex market 116
Custom chips could end PC standardization 176
Data processing in pharmacies 117
Data, text and voice encryption equipment 115
Electronic mail and micro systems 52
Electronic mail and personal computers 242
Expert systems 241
Expert systems market in Europe 176
Far East military communications equipment markets 119
Flexibility of single-board computer market in Europe 236
Home entertainment and information systems 244
Image processing and transmission for personal computers 238
Information security products and services 180
Insurance speciality software and services 181
Langton Usernet survey 50
Laser market opportunities 52
Letter quality printers market 237
Marketing communications for personal computers 180
Microcomputer educational software for the home 177
Micro software of the future: bit-mapped and integrated 246
Military embedded computer market 242
Military voice digitizer market 239
Mining industry computer services 240
Non-impact printers in Europe 244
Optical and magnetic disc media 50
Optoelectronic components in Europe 51
Personal computer price setting problems 115
Retail banking automation in Europe 174
Small business computers and word processors in accounting 118
The executive workstation 175
The impact of the personal computer on office automation 174
The non-telecommunications fibre optic component market 238
The small government computer market 245
The US market for computer business graphics software and services 236
Third party computer maintenance in Europe 243
T-1 interconnection and services 183
Value added networks in Europe 178

## Policy

User objectives in the development of international telecommunications policy **Nugent, P M** 200

## Security

Access control for computer systems **Farquhar, B** 25
Algorithmic authentication of identification **Cohen, F** 35
Approach to data encryption based on a finite power function **El-Kateeb, A M A** 229

## Data protection

Licensing software overseas **Greguras, F and Daunt, J** 139
Risk analysis in computer systems — an automated procedure **Smith, S T and Lim, J J** 15
Security strategy for small computers **Cecula Jr, A** 30
Trends in proprietary protection in Asia and the Pacific region **Greguras, F and Langenberg, P** 1

## Social issues

Census and judgement of the Constitutional Court in the FRG: some principles and consequences **Dippoldsmann, P** 203
Electronic retailing welcome — but not at a price 234
Police computers and the Metropolitan Police Part I: The Police National Computer **Pounder, C** 123
Police computers and the Metropolitan Police Part II: command and control and criminal information systems **Pounder, C** 189
Resolving computer disputes by arbitration **Dilloway, C** 163
Understanding human error and aiding human diagnostic behaviour in nuclear power plants **Sheridan, T** 42
Whatever happened to 1984? **Goldstein, R** 107

## TDF

Transborder data flow and its importance in the international arena **Schlundt, V** 67
